FOR IMMEDIATE RELEASE
Date September 10 2009

FIRST QUARTERLY RATES INSTALMENT SENT OUT

The first quarterly instalment of rates for the Central Highlands Regional Council have been posted out this week.

This was approved by Council earlier in the year.

“We believe that going to quarterly rates notices will help home owners to plan and budget across the year” said Chief Executive Officer Mr Bryan Ottone.

The rates notice includes the first instalment for payment of the new bins for recycling and general waste, required as part of the new waste collection contract.

Information about other key initiatives and major achievements since amalgamation have been included in the rates notice.

Ratepayers across the region have until the 9th of October to pay their rates and received the 15% discount.

Council encourages ratepayers to use electronic payment options. Payments may also be made in person at any of Council’s Customer Service Centres across the region – Blackwater, Capella, Duarina, Emerald, Springsure, Rolleston and Tieri, or at any Australia Post office or Westpac branch.

Any enquiries may be referred to Council’s Customer Service Centres on 1300 242 686.
