

# Things that bite and sting

## COMMUNITY AWARENESS SESSION

Know how to save your or your loved one's life in the event of a venomous bite or sting and how to prevent the threat from occurring in the first place.

Free event

**TUESDAY 12 FEBRUARY**

6.00 – 9.00 pm, Emerald Town Hall

### LEARN ABOUT:

- The main reason people die from snake bites and how to prevent it
- Venomous invertebrates: hazards, allergic reactions, first aid
- Venomous snakes: venom effects, fatalities, first aid
- What to do when encountering a snake.

### GET INVOLVED:

- See a snake behaviour demonstration.
- Handle a non-venomous snake (optional).

PRESENTED BY HERPETOLOGIST AND  
TRAINER JULIAN CRAIG
